

Ford Transit Intensive Care Ambulance

Maximum total mass	3510kg
number of passengers	7 people (including the number of stretchers)
wheelbase	3300 mm
Body size: length × width × height	5341mm×2032mm×2450mm
Medical cabin size: length × width × height	2600mm×1700mm×1720mm
approach/departure angle	20°/25°
maximum speed	156km/h
engine model	DURATORQ4D206H
engine capacity	1.998L
Emission Standards	Euro VI
rated power	90KW

fuel tank capacity	80L
drive type	front drive
Minimum ground clearance	148mm
gearbox	5 forward gears, 1 reverse gear
Suspension type	McPherson independent suspension/leaf spring non-independent suspension
Assist type	Rack and pinion, hydraulic power steering
brake type	Front disc, rear disc, hydraulic brake

Standard monitoring type configuration

componen		project	quanti	explain
exquisite surface	1	Front top hidden alarm lights	1	Some models can choose I-type lamp, meter
	2	One group of dual-module flash	1	Inclant one body beautiful, high bright
	3	The 100W alarm and handle control	1	
	4	Left side black privacy film	1	
	5	White frosted film on the right and	1	
	6	Left and right side of each 1 red	1	
	7	One Red Cross mark on the left and	1	
	8	Front machine cover: 1 Red Cross	1	
	9	Rear tail door 1 red reflective	1	
circuit system	10	Intelligent power management and	1	Can be checked and controllable, safe and
	11	Before and after intercom system	1	
	12	A 1,000 W pure-wave inverter system	1	For precision medical equipment to use, and
	13	Standard vehicle-integrated	1	Special standard wiring harness,
	14	Hull organ key-type push-button	1	Million-level safety test, reliable safety
	15	Top LED Lighting Light	4	
	16	Infusion light	2	
	17	sterilamp	1	Long strip UV light sterilization lamp
	18	Light after getting on the bus	1	
	19	The 220V power supply port	2	Automobile special use is applicable to the
	20	The 12V power supply port	1	
comfort configur e	21	High-power direct-discharge air	1	Medical cabin independent heating and
	22	High power warm wind	1	cooling gas system, heating and cooling
	23	Top two-way ventilation fan	1	Small noise, water leakage prevention,
medical treatment Cabin chessboard	24	Medical compartment and cockpit	1	
	25	European style long strip push and	1	Broadider view, before and after
	26	The Medical cabin is modified and	1	The PVC material is flame-retardant,
	27	Top long hanging cabinet	1	The PVC material is flame-retardant,
	28	Long-strip medical equipment	1	The PVC material is flame-retardant,
	29	Rear double 10L oxygen tank	1	Flame flame retardant, waterproof, easy to
	30	Forward independent forward doctor	1	A 3-point seat belt
	31	Right side double strip seat	1	A 2-point seat belt
	32	Medium door anti-collision soft bag	1	Head anti-collision protection
	33	Tail door anti-collision soft bag	1	Head anti-collision protection
	34	Moisture-proof pad and	1	Anti-skid, waterproof, mildew prevention,

	35	Safety reinforcement and embedded	1	Internal wall reinforcement and
	36	Infusion rack	1	Top slide-type infusion mount
oxygen system	37	A 10-L medical oxygen bottle	2	
	38	High flow pressure relief valve	2	
	39	Medical hyperbaric oxygen tube	1	Hidden installation
	40	National standard (German	2	
	41	Flow wet bottle	1	
	42	Ventilator adapter	1	
Medical assistan ce	43	New Feifei music automatically gets	1	
	44	Stainless steel stretcher guide	1	
	45	Stainless steel stretcher guide	1	Air spring, ten thousand times of support,
Other auxiliar y	46	The top is fixed with armrest	1	
	47	fire extinguisher	1	
	48	trash can	1
